We will not be Silenced Rally!
March 31st 5pm

Join us on March 31 for a rally and march in solidarity with the historic migrant rights movement. This event calls for emergency proclamations to protect the rights and well-being of migrant communities. Together, we will advocate for change and show our collective strength in the ongoing fight for justice and equality.

02/23 7AM

Casa got a call from a family on the Westside, ICE was there. This is a family who was getting help at casa. One of the sons in the apartment had just gotten off probation a few days prior.

A **US citizen** residing in the apartment refused to open the door and asked to see the warrant. They used a battery ram and broke the door. The agents slammed the US citizen on the floor and handcuffed him. Once they removed his brother they gave the warrant to the mother and left.

HOW CASA RESPONDED

We stayed in constant contact with the family, and through our pipelines we are providing legal support and are fundraising the help pay for the damage to the door. We're working on rehoming the remainder of the family as they are in fear. Additionally we contacted all our families in similar scenarios and quickly rehomed them to a safe location with our allies. **Please text (805) 695-1229 if you would like to donate to this family.**

DISTRIBUTION

Private property signage distribution

Please help us reach out to local businesses and community allies to show solidarity by posting supportive signage outside their properties and establishments. These signs are a powerful symbol of unity, letting those affected by recent federal policies know they are not alone. Our goal is to first distribute these signs to public spaces and safe homes across the community, then focus on reaching at-risk households.

Why are these important?

- 1) They unite allies and empower them to stand in solidarity with those distressed and show those living in fear that they have community of allies behind them.
- 2) They provide written notice to those enforcing laws that people are invoking amendment rights.
- 3) They educate those living in paralyzing fear of what they can do to protect themselves and others when faced with having to invoke amendments.
- 4) They educate on what to ask for when facing enforcement entities, to demand a warrant for an individual and a judicially signed search warrant before forced entry without permission.

Help us replenish our basic needs pipeline

Casa de la Raza is currently facing a critical shortage of essential supplies, including food and basic necessities. As a grassroots, community-based organization, we rely heavily on the generosity of local vendors, businesses, and individuals to continue supporting those in need.

We kindly ask that you consider reaching out to local grocery stores, printing shops, and other suppliers to assist us during this challenging time. Any contribution, no matter how small, will make a significant difference in helping us provide for our community.

Although we strongly encourage our community to purchase items from our local businesses we understand it may be difficult for some to visit the center. We have created an Amazon wishlist that you can purchase from which will ship the items directly to the center quickly.

At the end of this newsletter, you will find a link to our donation page where we are also collecting monetary donations. and a link to our Amazon wishlist
